From

K. MATTHAN, ESQ., B. A.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of Mysore

Sir,

With reference to Government Proceedings No. No. G.10575-84/P.P.26-19-47 dated 12th November 1919 approving of the arrangements for interchange of traffic in foodgrains between Madras and Mysore during November 1919, I have the honour to submit herewith copies of the marginally noted correspondence.

2. It will be seen that while it was expressly stipulated that we might draw our November allotment from any district of the Madras Presidency except Tanjore, the Director of Civil Supplies, Madras, has not endorsed my priority certificates for the November allotment, but have held them up pending a reference to and reply from the Collector of the Krishna District as to what stocks are available in that district for export. This does not appear to be justified. In my last letter I have pressed him to endorse my certificates immediately.

3. As exports from Gundlupet to Gudalur are understood to be on Thursdays, I have also wired to the

(1) Letter C. No.3133/19-6 dated 19th Nov. 1919 from the Director of Civil Supplies, Madras

the Amildar, Gundlupet to stop further supplies to Gudalur pending my further instructions.

I have the honour to be,

sir,

Your most obedient servant,

Food Controller & Director of Civil Supplies.

(a)

Letter C. No.3133/19-6 dated 19th November 1919 from the Director of Civil Supplies, Madras, to the Director of Civil Supplies in Mysore, Bangalore.

I have the honour to acknowledge receipt of your letter No.7624 of 1919 dated 17th November 1919 and your telegram of the 18th instant, and to state that I have asked the Collector of Kistna regarding the quantity of rice that can be spared for export from his district. On receipt of his reply I shall endorse your certificates as almost all your certificates are for export from that district.

Letter No.7702 dated 20th November 1919, from the Director of Civil Supplies in Mysore, Bangalore, to the Director of Civil Supplies, Madras.

With reference to your letter No.C.3133/19-6 of the 19th November 1919, I have the honour to point out that the arrangement was that I might draw the allotment from any district except Tanjore, and consequently it does not appear necessary that the Collector of the Kistna district should be consulted. As it is already the 20th of the month I request that the certificates may be endorsed at once. If you anticipate delay, kindly let me know whether there would be any objection to the supplies to Cudalur by road being held over

Letter No. C 3133/19-11 dated 25th November 1919 from the Director of Civil Supplies, Madras, to the Director of Civil Supplies, Mysore.

==========

I have the honor to acknowledge receipt of your letter 7702 dated the 20th instant, and to state that the outstanding balance still due from Mysore State to Gudalur alone is 245.8 tons to the end of September (Vide my letter No. C.3133/19-2 dated 10-11-1919) and 260 tons each for October and November or in all 765.8 tons. Against this, Gudalur has drawn to date 255.43 tons leaving a balance of 510.37 tons still to be drawn

2. Leaving the quantity yet to be drawn for November aside, Gudalur has yet to draw 250.37 tons being the arrears due to end of ~~September~~ October 1919 against this balance. I do not therefore understand why supplies to Gudalur should be held up on account of the delay in my countersigning your certificates for November

3. I have asked the Collectors of the Nilgiris and Malabar to take immediate steps to purchase and draw the quantities still due to them to end of October and I request you to see your way to allow them to do so.

4. I shall coutersign your certificates as soon as I hear from the Collector of Krishna as to the stocks that are available and shall let you know soon.

No. 7894

Office of the Director of Civil Supplies in Mysore,
Bangalore, 26th November 1919.

From

K. Matthan, Esq., B.A.,
Director of Civil Supplies in Mysore.

To

The Director of Civil Supplies,
M a d r a s.

Sir,

I have the honour to acknowledge the receipt of your letter No. C.3133/19-11 of the 25th instant.

2. It has been mutually agreed between Madras and Mysore that Mysore should take 264 tons of rice from any district of the Madras Presidency except Tanjore during the month of November 1919 and that Madras should take as against this quantity 260 tons of ragi and 4 tons of horsegram from Mysore. The fact that there are some arrears of previous months due to Madras does not appear to have any bearing on the current allotments being drawn on both sides. If there are arrears due to Madras, there are arrears due to Mysore also. This forms the subject of separate correspondence and as soon as the figures are verified and accepted, they can be drawn.

3. As to the necessity for consulting the Collector of the Krishna district, I would invite attention to the fact that it has been distinctly stipulated that I might draw my November allotment from any district except Tanjore and there does not seem to be any necessity that my certificates should be held up pending the receipt of information from the Collector of Krishna district as to what stocks are available in that district. The merchants in whose

(13

whose favour priority certificates have been issued by me appear to have purchased their stocks and are complaining that their agents are undergoing trouble and expense on account of the delay. I would, therefore, request you to kindly endorse my certificates immediately and intimate the fact to me.

4. I request the favour of a reply by wire.

I have the honour to be,

Sir,

Your most obedient servant,

Director of Civil Supplies.
